

LITS DIGITAL BRYN MAWR SEED GRANT

APPLICATION QUESTIONS

FOR FACULTY & STAFF

1. Proposer's name
2. Email
3. Department
4. Role at Bryn Mawr [faculty, staff, graduate student]
5. Title of project, course, or activity
6. Project team (name, department or institutional affiliation, and role in the project)
7. What is your proposal primarily for? [selection from: course, academic research, event, professional development, other]
 - a. If course: What [digital competencies](#) do the activities in this proposal help students gain?
 - b. If academic research, event, professional development, or other: What technical skills or experiences are you or your students building through the activities in this proposal?
8. Please provide a concise description of the project or activity, including goals and expected outcomes (e.g. a course redesign, a digital archive, a series of video tutorials). The level of detail you supply should be in keeping with the complexity of your proposed activities.
9. How will the proposed activities benefit the campus community?
10. Please include a detailed schedule for planning and carrying out the proposed project.
11. Please provide a budget and short justification of expenses.
12. What other funding have you received, or are you seeking, for the proposed activities?
